

## SB Shear beam load cell

### Product description

Industry standard size and wiring for industrial platform scales that do not require full hermetically sealed load cells. The SB-C3 is particularly useful for manufacturing medium capacity and yet rugged industrial weighing equipment such as platform scales or pallet truck weighing systems.

### Key features

Alloy steel rust-resistant construction

IP67 protection

Calibration in mV/V/Ω

Optimized for parallel connection

### Applications

Industrial platform scales

Pallet truck scales

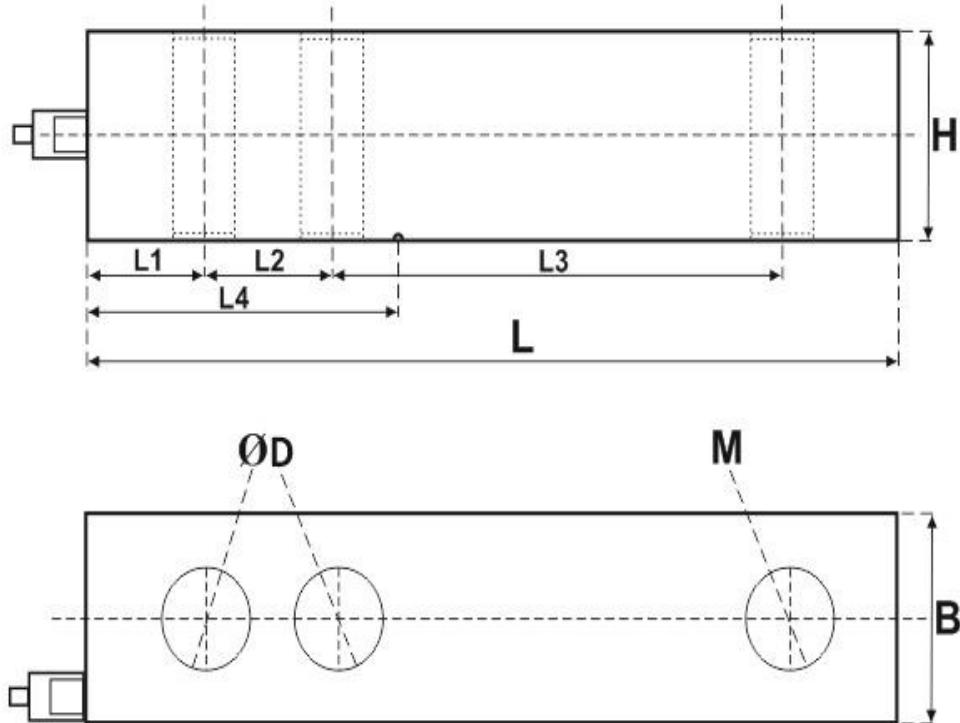

Tank weighing systems

Vessel weighing systems
