

## TCJD4/8 Digital Junction Box

### Product description

The TCJD4/8 junction box connects four or eight load cells in parallel.

The junction box is designed to be used with our weight indicators and features a socket compatible with all our indicator variants.

The TCJD4/8 communication interfaces are: RS485 cable interface, wireless module and Wifi protocol. The user can choose easily one of them to be interfaced with a PC or our electronic boards and indicators.

### Key features

**Environmental protection rated to IP56**

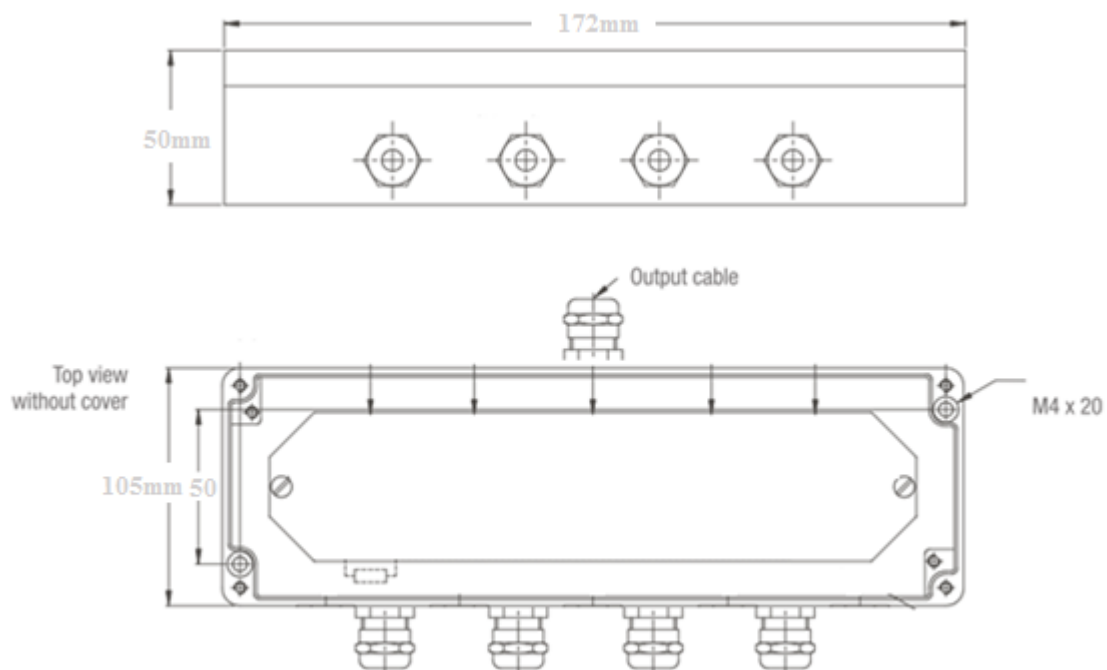

**4 or 8 load cell connection**

**Communication interfaces: RS485 cable, Wireless module, Wifi protocol**

## Applications

Universal applications in weighing machinery, process weighing, test & measurement and process automation and control sectors.

## Product dimensions (mm)

### Enclosure

### Dimensions (mm)

TCJA4	172 × 105 × 50
TCJA8	172 × 141 × 50
